AUTOGEM

presents...

one sensor to replace them **all**

only one sensor on your shelf replaces 99 of 102 OE TPMS sensors

the simplest & most efficient TPMS solution available

the chosen solution for the UK's largest tyre retailers

Tried, tested and chosen by over 2,000 tyre retail outlets and service centres throughout the UK

Unrivalled coverage allows replacement of over 97.06% of existing OE TPMS sensors

No sensor obsolescence with new protocol updates via the tool

Quickly and easily duplicates the ID's of faulty sensors for the most efficient replacement of TPMS sensors

Check tyre pressures without physically touching the valve, wireless, contactless scan also gives accurate diagnosis of TPMS sensors

Instant availablility, simply keep a small number of i-sensor® blanks in stock and create sensors as required

Achieved OE approval in 2014 with one of the worlds most recognised vehicle manufacturers

Reduce downtime in the workshop and waiting times for customers

Makes TPMS an accessible & profitable part of any tyre business
